Thanks for the information. I had already cancelled the initial reservation, so as not to tie up the room unnecessarily. It looks like Ben's reservation is from 12-2. Our meeting with HQ is at 11:30, and we need 1/2 hour to set up for VTC, so we'll need Shoshone re-booked from 11-12. I'll see if it is available...

Hi Helen,

I haven't shifted this call time yet because I haven't confirmed yet with Kim that your videoconference room is available at this time on Oct. 15. Kim had the room securely reserved for the 1-3 pm Eastern time frame, but I believe she's out of the office until the 9th. What do you recommend? I've reserved our videoconference room here at HQ.

Thanks,

Sarah

Hi Sarah- Thanks for the cat-herding work. After checking schedules here, us Region 10 cats are wanting to push-out our meeting with HQ until the week of October 15 (or later if that week does not work). Folks here have some pressing deadline projects that prevent working on the Pend Oreille and then both Ben and Kim are on vacation for a week-plus in the intervening time. We want our meeting with you all to be efficient and our presentation to be well-organized. The extra week or two will allow everyone on the team to have input on the presentation. Can you check about establishing a 2-hour meeting for all of us in that timeframe?

Hi Dave, Helen, and others,

Welcome back, Dave, when you read this!

Scoping out a mid-to-late Sept. window on folks' calendars is challenging.

These times may work on this end for a R10 presentation/discussion. Perhaps we could do it via webinar or videoconference. Please let me know if one of these times work for Region 10 and how much time you need.

All times Eastern

Thurs., Sept. 13 -- 3:00-5:00 pm

Mon., Sept. 17 -- 12:30-2:00 pm

Mon., Sept. 24 -- 12:30-2:00 pm

Wed., Sept. 26 -- 3:00-4:00 pm

Tues., Oct. 2 -- 1:00-4:00 pm

I'll plan to touch base with you again next week.

I called and talked with Sarah. She is on-board with this idea and will try to schedule something in mid to late September. We thought we would use the 28th time to discuss and agree on next steps with the review team. Next steps including R10 making an advocacy position presentation in September. Sarah also asked about follow-up on the aggregation of data examples and we agreed that R10 could provide an update on that subject on the 28th, but that matter would also be part of our September presentation.

Subject: Pend Oreille TMDL - HQ Presentation

---

Greetings all. I've exchanged voicemails with Jim Curtin, who is on vacation. He thinks that an R10 presentation addressing the issues the Tribe raised is an "excellent idea." He's back on August 28th and recommended that R10 folks float the idea with Sarah and work with her to set up a time.

We currently have a tentative hold for one hour on August 28th. I'd rather we take two hours in one chunk and not split it up. August 28th may also be too soon to pull a presentation together. So I'd recommend we postpone the 28th meeting until a date when we can get a block of two hours and have more time to prepare. Meanwhile, I will send comments on the Tribe's power point in the coming days.

Enjoy your summer weekend! - Kim

I've been unable to locate a VTC conference room for this date and time. Perhaps someone else will have better luck. We could get the Willamette Room and try to get the portable video setup, but that seems more trouble than it's worth. Otherwise, it appears we're left with only the phone.

Greetings all,

I will be reviewing the slide presentation today and look forward to discussing tomorrow.

The change in time for next week's HQ meeting affects our conference room reservation. I will be cancelling our existing reservation today. Given my other obligations upon returning this week, I'm hoping that someone in the standards shop can work on reserving a room our new time, preferably with VTC. Thanks much. - Kim

Greetings all. I've exchanged voicemails with Jim Curtin, who is on vacation. He thinks that an R10 presentation addressing the issues the Tribe raised is an "excellent idea." He's back on August 28th and recommended that R10 folks float the idea with Sarah and work with her to set up a time.

We currently have a tentative hold for one hour on August 28th. I'd rather we take two hours in one chunk and not split it up. August 28th may also be too soon to pull a presentation together. So I'd recommend we postpone the 28th meeting until a date when we can get a block of two hours and have more time to prepare. Meanwhile, I will send comments on the Tribe's power point in the coming days.

Enjoy your summer weekend! - Kim

Thanks for the materials and the extra half hour. Agreed that we will need it. I'm working at home today. My desk phone is forwarded and will ring here. 553-6052. The phones can conference in up to 6 people I think, so perhaps we'll be okay without a conference line.

If you have a few minutes afterwards, perhaps we can stay on and touch base on both FOIAs. I haven't seen the concurrence folder yet on the appeal, but it may arrive today while I'm at home.

Greetings R10 team,

Thanks to other deadlines, I have not revisited the Kalispel presentation and would recommend that we select either September 24 or 26 dates, provided we can get 2 hours. I am out of the office on October 2. Thanks, - Kim

Hi Dave, Helen, and others,

Welcome back, Dave, when you read this!

Scoping out a mid-to-late Sept. window on folks' calendars is challenging.

These times may work on this end for a R10 presentation/discussion. Perhaps we could do it via webinar or videoconference. Please let me know if one of these times work for Region 10 and how much time you need.

All times Eastern

Thurs., Sept. 13 -- 3:00-5:00 pm  
Mon., Sept. 17 -- 12:30-2:00 pm  
Mon., Sept. 24 -- 12:30-2:00 pm  
Wed., Sept. 26 -- 3:00-4:00 pm  
Tues., Oct. 2 -- 1:00-4:00 pm

I'll plan to touch base with you again next week.

Thanks, Helen. I look forward to reviewing and to our run through tomorrow.

Meanwhile, I'd like to introduce you all to Kelly Gable from Region 3, who is doing a detail here in ORC Region 10 (remotely from Philadelphia for the most part). Kelly comes to us with a wealth of expertise on TMDLs, including Chesapeake Bay, and has graciously agreed to assist on Pend Oreille issues as needed. Based on a brief initial discussion, she's quickly grasped the complexity and intriguing nature of the issues raised here.

I've sent Kelly the Tribe's March letter, their July presentation to HQ, and today's latest version of Region 10's power point. She's also interested in participating in tomorrow's run through and Monday's HQ meeting to learn more. I expect she'll be a great asset as we move forward. Please join me in welcoming her to Region 10 and the Pend Oreille River Temperature TMDL.

Helen (and Kim),  
 As requested, here are my thoughts on the briefing document on the Pend Oreille TMDL. I have a few questions and concerns, primarily on the whole time lag/cfa issue; I may not fully understand it yet, and have talked with both Helen and Ben (thank you!) but have reached out to Ben again for some follow-up questions.

Thanks,  
 Kelly

Here is my draft - it is light on the regulatory implications piece. Ben and Don are going to review it today and get it back to me....by tomorrow?

Then the pressure will be on Dave, and possibly Kelly. It would be great to get this off to HQ early this week...I don't know when Sarah and Eric and John are meeting exactly but it would be ideal to get this to them before hand.

Hi Sarah- Thanks for the cat-herding work. After checking schedules here, us Region 10 cats are wanting to push-out our meeting with HQ until the week of October 15 (or later if that week does not work). Folks here have some pressing deadline projects that prevent working on the Pend Oreille and then both Ben and Kim are on vacation for a week-plus in the intervening time. We want our meeting with you all to be efficient and our presentation to be well-organized. The extra week or two will allow everyone on the team to have input on the presentation. Can you check about establishing a 2-hour meeting for all of us in that timeframe?

Dave

Hi Dave, Helen, and others,

Welcome back, Dave, when you read this!

Scoping out a mid-to-late Sept. window on folks' calendars is challenging.

These times may work on this end for a R10 presentation/discussion. Perhaps we could do it via webinar or videoconference. Please let me know if one of these times work for Region 10 and how much time you need.

All times Eastern

Thurs., Sept. 13 -- 3:00-5:00 pm  
Mon., Sept. 17 -- 12:30-2:00 pm  
Mon., Sept. 24 -- 12:30-2:00 pm  
Wed., Sept. 26 -- 3:00-4:00 pm  
Tues., Oct. 2 -- 1:00-4:00 pm

I'll plan to touch base with you again next week.

Hi Kim,

I secured the videoconference capability for our meeting on Oct. 15. I looked at availability of the room, and anytime after 4:00 pm on Wed., Oct. 10 or Thurs., Oct. 11, the room's free for a test run. Also, it's open all day on Oct. 12. If there's a way for us to schedule a 20 min. dry run one of those days, I'd really appreciate it so we can work out any bugs before the meeting.

Thanks,

Hi Sarah,

Because of the time change, I've cancelled the initial room reservation for the meeting. Given other work obligations, I've asked the standards unit to work on setting up the room and VTC for our new time on Monday. I'm not sure if that's been done yet. I'm cc'ing the group for more information. Whoever picks up the scheduling baton may also be able to work with you on a dry run as well. Unfortunately, my schedule this week won't permit it... - Kim

Welcome back, Kim!

I'd still like to do a quick dry run this week (Wed., Oct 10 after 4 pm Eastern? Thurs., Oct. 11 after 4 pm Eastern?) prior to Oct. 15's videoconference. Would one of those days work on your end?

Thanks,

I will check in with our IT folks and see if they can do a practice run. It's tough because the rooms are almost always reserved, but I will see what I can do. Also, I've reserved our room starting 30 minutes early to allow for set up. We can probably get you on the phone with our guys and walk you through if need be.

Kim--

I'm trying to set up the videoconference capability. Is there a way, because this time I may be on my own to use the equipment in a different room, that I could do a little "dry run" with your videoconference contact prior to Oct. 15?

Sarah

Thanks for rescheduling. I think we'd benefit from video if available at your end. I'll go ahead and reserve

a room with video capability so we're covered either way.

Good morning from Seattle,

I have two dates marked for the Kalispel TMDL meeting - July 24 and 26 and need to finalize the video arrangements. Which date are we meeting? Thanks, - Kim
